

Environmental Leaders Learning Alliance

Membership Application 2021

The Program:

The Environmental Leaders Learning Alliance (ELLA) is open to town-appointed members of conservation commissions from New York's Lower Hudson Valley. ELLA works to strengthen environmental protection at a regional level through education, cross-boundary communication, and inter-municipal collaboration.

Membership:

One annual membership covers all board and committee members in the member municipality (including but not limited to members of: Conservation Boards, Conservation Advisory Committees, Open Space Committees, Sustainability Committees, Environmental Advisory Councils, Planning Boards, and Zoning Boards of Appeals). Membership entitles participating board/committee members to unlimited access to ELLA workshops and meetings throughout the year plus additional resources available through our membership portal at www.ellalhv.org.
